

VET SUCCESS ONCAMPUS

My name is Jason Abrams and I am here to assist any veteran on campus that may have benefits questions; if you need referrals for services I can help. I can also work with campus staff and other VA resources to make sure that you have the resources you need to succeed on campus.

I have previously worked with the VA for five years as a vocational rehabilitation counselor and have actually worked with a few students on campus. In my previous position I assisted veterans that had service-connected disability issues and that were receiving assistance to help them overcome these issues, so that they could be successful in a field that fit their aptitudes and interests without adversely affecting their disabilities. This means I already know the staff in the financial aid office here at the University as well as the billing department so if issues arise and you need some guidance in these areas, please let me know and I will be glad to assist. *I work with all student veterans on campus.*

I look forward to working with you as you make progress toward earning your degree and I encourage you to contact me while applying to the University or upon receiving your acceptance letter so that we can develop an individualized plan that maximizes your benefits and ability to be successful on campus.

I am located on campus in Huff Hall at 1206 South Fourth Street, Champaign, IL 61820.
